INFORME No 4: LA INSCRIPCION ELECTORAL POR ZONAS DE CAMPAÑA  
A MARZO DE 1988  
\*\*\*\*\*

El Servicio Electoral, que tiene a su cargo la reconstitución del cuerpo electoral mediante la inscripción en cada comuna de los mayores de 18 años que posean el nuevo carnet de identidad, elabora mensualmente un informe estadístico. Este incluye el número de inscritos por comuna y circunscripción y su distribución por sexo. El Centro de Computación y Control del Comando por el No relaciona esta información con los antecedentes demográficos de la población chilena, y particularmente con las proyecciones sobre la población mayor de 18 años que realiza el Instituto Nacional de Estadísticas (INE) en convenio con el Centro Latinoamericano de Demografía (CELADE). El informe con los datos del mes de Marzo de 1988 se ha elaborado con la más reciente información emitida por dichos organismos (fascículos F/CHI.3 y F/CHI.4 de INE-CELADE), que incluyen las proyecciones de la población mayor de 18 años por provincia. Estas han sido ajustadas a nivel de comuna.
